MEXICO

Monterrey native, yet son of a number of cities that influence his style and his direction, **Miguel Puente is a well-traveled DJ and producer** that has known how to adapt his sound to every corner of the world he's been to. Puente spends two years living in Chicago in the 90's and almost a year in Montréal in 2005. While in Canada, his curiosity about electronic music is truly born and his compelling journey begins.

From 2008 to early 2016 Puente establishes in Barcelona, a place that allowed him to grow as an artist and discover other creative aspects of his love for dance floor music. Immersed in the Catalan sun in 2010, together with the Digital Delight crew, Miguel starts with a series of parties where they hosted guests like Subb An, Adam Shelton, Le Loup, Shaun Reeves, Djebali, to mention some.

Puente's latest releases have been delivered in a handful of underground labels such as **Bon Vivant, HouseWax, Budare, Hat Swing, Outstrip Wax, Oblack Label & Blind Vision Records**.

While in Barcelona, Puente played in well-known parties all over the world such as **Brunch Electronik, DGTL Festival**, and in legendary venues like **Moog, Macarena Club** and BeCool. This, of course, without forgetting the international area, where he has been seen to play at the **Hotel Standard Los Angeles, Wilde Renate Berlin, Lost Beach Ecuador, Kazantip Festival in Ukraine** and also in key cities such as **London, New York, Paris and Ibiza**.

To describe Miguel's versatile sound, one would have to mention **house at the core of his identity**. In this deep and raw mixture of minimal and groovy rhythms he constructs his own version of club music infused with garage, soul, disco adding his abstract vision.
